| Description       | Hanger Linear LED Extrusion provides elegant, non-spotting illumination for wardrobes and cabinetry. Utilising premium SMD LED tape and a frosted acrylic diffuser, it delivers smooth, uniform lighting for hanging areas and internal storage spaces. Available in 24V and custom cut to length to suit project requirements. Sensor option available. |
| Materials         | Extruded Aluminium Channel, Frosted Acrylic Diffuser, Aluminium Mounting Clip.                                                                                                                                                                                                                                                                           |
| Dimensions        | Width: 14.3mm; Height: 29.8mm;<br>Lengths: 1m, 2m, 3m Standard Lengths                                                                                                                                                                                                                                                                                   |
